LIFE SCIENCE AND ENGINEERING BUILDING

Welcome, CKLDP Class of 2024!

We are very excited for this year's Christopher Kelley Leadership Development Program to officially begin at noon on Friday, January 12, 2024! Our kick-off session will take place at Quinn Evans, 2101 L Street NW, Washington DC, 20037. Called "Boot Camp," this exciting half-day is packed with information and interactive exercises intended to introduce you to each other and help you prepare for future sessions.

Over the next nine months, you will gain tremendous insight and knowledge about the qualities of leadership required to become an advocate for yourself, for your profession, and for your community. You will also enjoy many opportunities to exchange ideas and insights with each other. We highly encourage you to share your stories, expertise, and professional experiences with your fellow program participants. Learning from your peers is just as valuable as learning from the program speakers, and furthermore, building relationships with one another is one of the best aspects of participating in CKLDP!

Enclosed in this book you will find all kinds of useful program information, to include the agenda for Boot Camp, the CKLDP session schedule, resources for future session planning, and your Class members' resumes and work samples. There is also a contact list of everyone's names and email addresses. We hope the information included on the following pages will prove useful in helping you get know your fellow Classmates and their professional accomplishments to date.

After the Boot Camp session ends, we invite everyone to join us for a happy hour at the Mercy Me, 1143 New Hampshire Ave NW, Washington DC, 20037. We would love the opportunity to chat a little more while we enjoy a beverage together.

Feel free to contact any member of the Committee if you have questions. We are all here to ensure you get the most possible out of your CKLDP experience, and we look forward to getting to know you this year.

Best Regards,
The CKLDP Committee

Handwritten signatures of the CKLDP Committee members, arranged in two columns:

- Row 1: Danielle Enola (left), Thun Minis (right)
- Row 2: K. [unclear] (left), Lore Moss (right)
- Row 3: Nash [unclear] (left), Hannah Seigel (right)
- Row 4: James [unclear] (left), Kuri (right)

Christopher Kelley Leadership Development Program

AIA | DC

Overview

The Christopher Kelley Leadership Development Program was created to help prepare emerging architecture and design professionals for future leadership roles. This year-long program consists of nine monthly half-day sessions that are attended by the program's sixteen participants, called Scholars. Prospective participants go through a competitive application process where proven career success, community involvement, long term goals, and the individual's firm support are considered prior to program acceptance.

Curriculum

The CKLDP curriculum focuses on core leadership skills such as marketing, business development, office and firm management, public speaking, professional ethics and the law, philanthropy, board involvement, community service, industry trends, and the future of the practice.

All sessions after the first "Boot Camp" session will be planned by the sixteen program Scholars. Boot Camp is intended to introduce Scholars to the program, each other, and further give them an opportunity to help shape the CKLDP curriculum for that year. Scholars are paired together according to their expressed interests and skills, and together each pair is responsible for planning one session during the year. Sessions are typically held on the second Friday of each month, January through September, from 12:00pm – 5:00pm.

Attendance

The program's success is directly related to all of the Scholars' active engagement in the sessions, and therefore attendance is mandatory. As part of the application process, prospective program participants are required to sign an Agreement Form affirming their understanding of the attendance policy, and

firm recognition of the policy is required as well. Because sometimes emergencies arise, each Scholar is allowed one excused absence over the course of the year. If two sessions are missed, a fine of \$50 will be sent to the participant's firm. Further absence will result in an additional \$50 fine and expulsion from the program.

AIA Continuing Education

It is intended for this program to have AIA CE credit available for its participants.

Honoring Christopher Kelley

Christopher Kelley, AIA, was an active leader of the architectural community from the late 1990s until his passing in May 2012. Over the course of his fifteen years in professional practice, Christopher was a respected leader in both the Institute and in Gensler's Washington, DC office. A series of national leadership roles, first with the NAC and later the YAF, helped Christopher earn recognition from the Institute, and in 2010, he was honored with the AIA's prestigious Young Architects Award. In their statement about his contributions to the profession, the jury stated, "Christopher has proven himself a young leader within and around the AIA, a real example for other young professionals."

Through his many volunteer and professional endeavors, Christopher enthusiastically contributed to programs that benefitted his fellow design professionals, but beyond his efforts to improve the profession, he was simply a great person.

This program is intended to continue Christopher's legacy of leadership and activism.

Boot Camp

Date: January 12th, 2024

Location: Quinn Evans, 2101 L Street NW, Washington DC, 20037

Time: 12:00 pm – 5:15pm

Agenda:

12:00 – 12:30	Welcome + Lunch + Introductions Executive + Advisory Committee Introductions <i>Danielle Encela, Thomas Masino, K. Aurora Smith, & Advisory Committee</i>
12:30 – 12:45	Class Overview <i>Danielle Encela & Thomas Masino</i>
12:45 – 1:30	Pecha Kucha Presentations <i>Danielle Encela & Thomas Masino</i>
1:30 – 1:40	Session Assignments <i>Danielle Encela & Thomas Masino</i>
1:40 – 1:50	Session Planning + Documentation <i>Danielle Encela & Thomas Masino</i>
1:50 – 2:00	BREAK
2:00 – 2:40	CKLDP Templates + Logistics Overview Box.com: Templates and Other Planning Tools; Session Summaries + Photography; Social Media + the Website; Sponsorships + Program Financials <i>Executive Committee & Advisory Committee</i>
2:40 – 2:50	BREAK
3:00 - 3:45	Keynote Speaker Finding Your Path <i>Kathryn Slattery, AIA</i>
3:45 - 4:00	<i>Keynote Q+A</i>
4:00– 4:10	BREAK
4:10 – 4:35	Breakout Session Brainstorming Additional Ideas for Session Topics <i>CKLDP Scholars, Executive Committee, & Advisory Committee</i>
4:35 – 5:00	Brainstorming Results Discussion <i>CKLDP Scholars, Executive Committee, & Advisory Committee</i>
5:00 – 5:15	Questions & Closing Comments
5:30 – 6:30	Happy Hour <i>Mercy Me, 1143 New Hampshire Ave NW, Washington DC, 20037</i>

Program Founders

Ryan McEnroe, FAIA, ASLA, LEED AP

Ryan McEnroe, FAIA, ASLA, LEED AP | Co-Founder, Past Chair

Ryan spent the majority of his childhood working the fields and learning the principals of organic agriculture on his family's farm. These regenerative qualities have been ingrained into his critical thinking and are brought into his approach during every aspect of the design process. As a graduate of the University of Virginia, Mr. McEnroe is both a licensed architect and licensed landscape architect. He is an active participant within the professional community, serving on the National Architectural Accrediting Board as well as the National Council of Architecture Registration Board. Additionally, he serves the AIA|DC Chapter on the Emerging Architects Committee, lectures for the chapter's Architecture Registration Exam Prep Course, and serves on the chapter's Education Committee. In 2014 he was awarded with the AIA|DC Emerging Architect of the Year Award. Mr. McEnroe has received a number of design awards, including an AIA|DC Un-built Honor Award for the University of Virginia Center for Innovation, and a VS-ASLA Honor Award for the South Carlyle Master Plan. In 2018, He was awarded the Young Architect's Award.

Sean Stadler, AIA, LEED AP

Sean Stadler, AIA, LEED AP | Co-Founder, AIA DC Board Liaison

Mr. Stadler is a Design Principal and partner of WDG where he focuses on elevating the firm's stature in design, with particular emphasis on enhancing the civic realm. Mr. Stadler takes a strong leadership role and his commitment to design excellence and innovative thinking and influences the projects with which he is involved. He believes that design is a process and that this process begins not with a brief, program, or even a charette, but rather with the people from which ideas flow. His example shows that leadership is a two-way street; it involves the ability to influence others and be receptive to the needs of those you lead. In his world view, design excellence is not the application of certain techniques or the realization of inborn talent, so much as the development of a latent understanding for the negotiations that are at the heart of architecture; negotiations between site and program, client and designer, architect and engineer. Mr. Stadler has been honored with an AIA President's Award for his service to the profession and was recognized as one of the "rising stars of the AEC industry" by Building Design + Construction Magazine in 2009. He is a recipient of the 2011 AIA Young Architects award where the jury noted that "he is a unique individual of outstanding talent and clear commitment."

2024 Program Executive Committee

Danielle Encela, Assoc. AIA, LEED Green Associate, APT

Danielle Encela, Assoc. AIA, LEED Green Associate, APT | Chair

Danielle, is a Job Captain at Page, Washington DC. Her project experience includes modernization and preservation across diverse sectors, where she is fully engaged in all aspects from preliminary design through construction administration. She often serves as BIM manager on projects where she develops processes to improve design and documentation. Danielle holds a Master's degree in Design Studies focused on Historic Preservation and Material Conservation from @thebac and a Bachelor of Science in Architecture from the New York Institute of Technology. She was selected Emerging Professional by the Association for Preservation Technology, DC Chapter in 2021. She is continuing to serve as Chair of the Emerging Professional Committee of APT DC 2023-2024.

She enjoys traveling and spending time outdoors with her family and two dogs.

After participating as a scholar of the 2022 Christopher Kelley Leadership Development Program and she served as the 2023 Graphics Advisor.

Thomas Masino, AIA, NCARB, LEED AP BD+C

Thomas Masino, AIA, NCARB, LEED AP BD+C | Chair

Thomas is a Project Architect at Page. He earned a Bachelor of Science in Architecture, a Bachelor of Arts in Art History from the University of Maryland, and a Master of Architecture with a certificate in Digital Ecologies from Clemson University. While at Clemson, he served as a graduate teaching assistant and was inducted into Phi Kappa Phi and Tau Sigma Delta. He's worked on various projects including hotels, mixed-use multi-family buildings, and high-end single-family homes; most recently, he completed the AC Hotel Capitol Hill and Illume Apartments while at R2L Architects. His participation in CKLDP introduced him to incredible emerging leaders in the DC area and has furthered his interests in a number of areas including management, graphics, mentorship, and emerging technologies.

Thomas participated in the CKLDP class of 2022, and most recently served as the Sponsorship Advisory in 2023.

2024 Program Executive Committee

K. Aurora Smith, AIA, LEED AP BD+C

K. Aurora Smith, AIA, LEED AP BD+C | Past Chair

K. Aurora Smith is an Associate at Quinn Evans where she specializes in cultural projects, including several projects for Smithsonian's National Zoo. She worked on the major revitalization of the Bird House, a 30,000sf complete renovation of the building, which was originally constructed in 1928 and reopens this year. In addition to her project work, Aurora coordinates Quinn Evans' firmwide Internship Program, which includes hosting students throughout the year, with a 10-week program of events for each year's summer interns. She revels in creating opportunities for interns to thrive during their time at Quinn Evans and beyond.

She participated in the 2021 class of the Christopher Kelley Leadership Development Program, served as the sponsorship chair in 2022 and is now serving as the Program Chair in 2023. In addition to her work with CKLDP, Aurora has volunteered with several organizations, including the Smithsonian Folklife Festival, UVA's Alumni Mentorship Program, and So Others Might Eat.

Prior to joining Quinn Evans, Aurora completed her master's degree in architecture at Tulane University where she participated in the URBANbuild studio. She and her classmates designed and documented a house for New Orleans' Central City neighborhood in their fall semester and spent the spring semester on site building the house. This project was done in collaboration with Neighborhood Housing Services, a local non-profit which donates empty lots to be developed and locates interested buyers, offering instructional classes on home ownership. Her participation in this program stoked a growing passion for working with communities to revitalize neighborhoods.

Lori North

Lori North | EAC Liasion

Lori is a Designer at STUDIOS Architecture. She applies a communication-driven design approach that prioritizes a clear understanding of the design intent of each of her projects, and enjoys finding innovative solutions that adhere to those principles. Her experience in diplomatic, civic, hospitality, workplace, and education projects has fostered an interest in how the industry can drive progress in sustainability, resilience, and equity.

Lori's long-held interest in architecture's role as a representation of a culture and its values led her to obtain a Bachelor of Arts in Architecture from Clemson University (@clemsonuniverstiy). Her creativity extends to her spare time, where she enjoys cooking, painting, crocheting, and cultivating her green thumb with an impressive collection of houseplants.

Most recently Lori serves as the Emerging Architects Committee 2024 Vice-chair and she is looking forward to serving as the 2024 EAC Liaison.

2024 Program Advisory Committee

Nicholas Gray

Nicholas Gray, AIA | Communications Advisor

Nick is an Associate at WDG Architecture (@wdgarch), registered architect in Washington, D.C. and a graduate of the University of Cincinnati. His diverse background in multifamily, retail, and adaptive re-use projects spans the continental US. While at WDG, he has been engaged in both multifamily and student housing studios, most recently leading student housing projects in Tampa, Florida, and Washington, D.C.

Nick has an endless curiosity and an appetite for learning & problem solving. Sometimes related to architecture, but just as often for the sake of learning in and of itself. His participation in CKLDP helped him continue developing his own leadership skills, and inspired him to stay involved as part of this year's advisory committee. He is also involved in WDG's Social Committee, helping to facilitate interoffice connections, and previously chaired WDG's Emerging Professionals Committee.

After participating as a scholar of the 2023 Christopher Kelley Leadership Development Program, he is now serving as the 2024 Communications Advisor.

Hannah Seigel

Hannah Seigel, AIA | Graphics Advisor

Hannah Seigel, AIA, is a licensed architect in Washington DC and a graduate of Syracuse University. She has extensive experience in multifamily residential, from luxury apartments and office to residential conversions, to affordable housing. She has also worked on mixed-use, commercial, retail, and hospitality interiors projects.

Hannah is also passionate about designing spaces for learning and community activity. She has focused research on utilizing architecture to enhance educational environments and has taught art and architecture to elementary school students in a variety of settings, including AIA Architecture in the Schools, where she developed a semester-long curriculum and led art and architecture lessons for elementary school students. She is also interested in maximizing the sustainable opportunities provided by mass timber construction. Outside of the office, you can find her cooking, drawing, painting, or planning her next travel excursion.

2024 Program Advisory Committee

James Jesmer, AIA, LEED Green Associate

James Jesmer, AIA, LEED Green Associate | Sponsorship Advisor

James Jesmer is a registered architect in Washington, D.C. and an associate with AECOM, where he has been since 2018. Though a native of the DMV, James grew up mostly in north-central West Virginia. Mr. Jesmer holds a Bachelor of Science, Architecture from Fairmont State University (@fairmontstate) and a M.Arch from the University of Maryland (@univofmaryland).

James's project sectors have included work for U.S. and foreign governments, air and rail transportation, and commercial development. In addition to design work, James supports the office by planning social events and coordinating local university relations. James is also involved with AIA|DC, where he participates in Architecture in Schools and serves as Secretary for the Design Excellence Committee.

After participating as a scholar of the 2023 Christopher Kelley Leadership Development Program, he is now serving as the 2024 Sponsorship Advisor.

Kumi Wickramanayaka, AIA, NCARB, LEED AP BD+C

Kumi Wickramanayaka, AIA, NCARB, LEED AP BD+C | Website Advisor

Kumi, is a licensed architect based in Washington DC, originally from Sri Lanka, she was deeply influenced by her experiences as an architecture student in a developing nation and influenced her passion towards Public Interest Design and Social Equity, believing that well-designed spaces can uplift marginalized communities.

As a Project Architect at Wiencek Associates, she specializes in Affordable Multifamily and Affordable Senior Housing, dedicated to providing dignified living spaces for economically challenged individuals. Beyond her professional role, she actively expands her network and knowledge within the construction industry. Kumi serves as the co-chair of the AIA|DC Urban Design Committee and volunteers at the Neighborhood Design Center, where she was honored as the Prince George's County Volunteer of the Year in 2022. Her involvement in these roles reflects her profound commitment to her profession and community.

After participating as a scholar of the 2023 Christopher Kelley Leadership Development Program, she is now serving as the 2024 Website Advisor.

Experience

Page (formerly EYP) | Washington, DC

Job Captain, Associate | October 2016 to Present

- Leads complex BIM deliverables from concept design through construction documentation including integration of Point Clouds, and Federated Models.
- Oversees engineering coordination across multiple offices locations and with outside consultant firms.
- Works closely with project teams and clients to create documents for Section 106 review
- Project sectors included: Government, Preservation / Modernization, Higher-Education, and Healthcare.

Featured Projects

Smithsonian Institution Revitalize Historic Core, Washington DC | 2020 - ongoing

The Residence of the German Ambassador, Washington, DC | 2023 - ongoing

American Battle Monuments Commission, Manila American Cemetery and Memorial & Cabanatuan American Memorial, Philippines | 2023

National Parks Service, Hampton National Historic Site, Mansion Cupola Restoration, Towson, MD | 2021

National Parks Service, Federal Hall National Memorial, Protective Scaffolding & Temporary Masonry Stabilization, New York, NY | 2021

National Parks Service, Federal Hall National Memorial, Gutter Replacement Project, New York, NY | 2021

National Parks Service, Fredericksburg & Spotsylvania National Military Park, Fire Protection Renovation, Fredericksburg, VA | 2021

George Mason University, FUSE at Mason Square, Arlington, VA | 2021

National Parks Service, Antietam National Battlefield, Visitors Center Renovation, Sharpsburg, MD | 2020-2021

Mitchell Community College, Health Sciences Building, Statesville, NC | 2016-2019

University of North Carolina at Wilmington, Allied Health and Human Services /Nursing Building, Wilmington, NC 2016-2019

Design-Cell Architecture | Las Vegas, NV

Project Manager / BIM Manager | September 2014 to October 2016

- Managed projects and worked in all aspects of design phases to construction administration. Project sectors included: Hospitality, Commercial, Multi-Family Residential.

Boston Architectural College | Boston, MA

Graduate Teaching Assistant | September 2013 - May 2015

Superstructures Engineers + Architects | New York, NY

Preservation Architect | September 2013 - August 2014

- Facilitated restoration methods, conditions reports, existing conditions survey, and integrated strategies in the construction documents and specifications.
- Oversaw existing conditions surveys for renovation and tenant improvement projects.
- Project sectors included: Preservation / Restoration, Higher Education, and High-Rise Residential.

Gruzen Samton LLP | New York, NY

Job Captain / Revit Lead | September 2008 - September 2013

- Executed BIM coordination, integration of client and/or firm standards from concept design through construction documentation.
- Project sectors included: Higher Education, K-12 Education, and Senior Living

Experience

Page Southerland Page | Washington, DC
Project Architect, Associate | March 2023 - present

- Leading the technical resolution and QA / QC for the adaptive reuse of an existing two-story brick warehouse into a maker space for middle-schooled aged kids in NE DC from 65% construction documents through construction administration;
- Assisting in the detailed documentation and QA / QC for the construction of a new early immersion school in NE DC;
- Actively engaging in various office culture efforts, including serving as a Welcome Ambassador and participating in newly formed Community Groups;
- Co-organized an LGBTQIA+ Pride Happy Hour and coordinated with office staff to supply food, drinks, educational activities, and games for attendees;
- Facilitated an office tour of the Georgetown location with the Emerging Architects Committee;
- Participated in the design and execution of the CANstruction sculpture.

R2L: Architects | Washington, DC

Architect | August 2018 - March 2023 (Project Designer | October 2017 - August 2018)

- Served as Project Manager for the firm's fifth hotel while fostering the relationship with a new client;
- Produced multiple massing and calculation packages for client's use in internal finance committee meetings;
- Managed construction administration for the firm's largest and most complex project: a three-building project consisting of a hotel and two apartment buildings connected to each other via four bridges and to three existing buildings by four at- or below- grade connections;
- Worked on the hotel component of the project mentioned above from conceptual massing to construction administration, began to take on more responsibility as a Junior Project Manager;
- Coordinated with consultants, contractors, and owners on behalf of the firm;
- Participated in weekly Project Manager meetings to discuss staffing, firm standards, project experience, lessons learned, and institutional knowledge;
- Attended local lectures, seminars, and trainings while relaying relevant information to the rest of the firm at internal lunch-and-learns;
- Asked to manage a mixed-use condominium project after one year at the firm;
- Represented the firm at three career fairs, corresponded with candidates, scheduled and attended interviews, and provided feedback to principals about which candidates should receive offers of employment;
- Co-planned the firm's ten-year retreat, a three-day event that required organizing lodging, breakfasts and lunches, two dinners, two happy hours, and two bonding activities with a combined budget of approximately ten thousand dollars; successfully planned multiple firm year-end celebrations each with a budget of over five thousand dollars;
- Established the firm's ARE study material library;
- Selected as one of five employees to participate in firm visioning and planning sessions with a business development strategist.

Barnes Vanze Architects | Washington, DC

Project Designer | June - October 2017 (Intern | May 2014 - Aug 2015, and summer 2016)

- Participated in all aspects of the design process including: conceptual modeling, presentation drawings, meetings with stakeholders, and construction documents and administration;
- Assisted in the conceptual design of a 15,000 square-foot residence on a 70,000 square-foot lot, in the reuse of a historic building into a new artist live / work space, in the design of a new 17,000 square-foot residence, in the combination and renovation of two apartment units into a single 7,000 square-foot residence, and in the creation of construction documents for a new, 10,000 square-foot single-family home;
- Worked collaboratively on projects, of varying scales and sizes, with design teams of two to five people.

Experience

STUDIOS Architecture | Washington, DC
Designer | 2022 - present

- Project types include public school, civic, workplace, multi-family, and hospitality.
- Directs and oversees the material selection process by identifying and choosing materials that align with sustainability standards, project requirements, and aesthetic considerations for multiple projects.
- Guides design and manages coordination among team for fast-paced DCPS project.
- Played a key role in shaping the interior architecture of a 40,000 square-foot multi-family amenity space while collaborating on the development of base building elements.
- Lead design in collaboration with a small team of a hospitality project from concept through permit submission.
- Steered the interior architecture and coordinated the design development of a community center, collaborating on the process from schematic through permit submission.

KCCT | Washington, DC
Architectural Designer II | 2021 - 2022
Architectural Designer I | 2019 - 2021

- Participated in large design teams for U.S. Embassy & Consulate Projects for United States Bureau of Overseas Building Operations.
- Managed coordination efforts among consultants to facilitate design development, clash resolution, and aid in the CA process.

CU Makerspace | Clemson, SC
2019

- Instructed and trained students in the utilization of 3D printing and laser cutting technologies.
- Assisted students in strategizing the fabrication process of design projects using digital tools.

Carlton Edwards Architects | Asheville, NC
Architectural Intern | 2018

- Contributed to the designing of single-family homes in western North Carolina.
- Collaborated with design teams to assist in detail development.
- Developed visualizations of residential projects for marketing and firm recognition.

Experience

WDC Architecture | Washington, DC
Associate | 2022 - present
Project Architect | 2022 - present
Staff Architect | 2016 - 2022

Project Architect within WDG's multifamily practice – currently leading a 475,000 SF student housing project in Washington, DC. Actively manages client relationships, consultant coordination, entitlement process, internal design team, and construction administration for project. Extensive experience in multiple construction types, in Tampa FL, and DC Region. Illustrated upward mobility from role from supportive staff architect to firm leadership as an Associate within WDG.

Firm Leadership Involvement
Emerging Professionals Committee, Chair, 2019; Member, 2016 – 2022
Mini-Series Program Development, Founder and Chair, 2020 – 2022
Gingertown, WDG Representative, Award Winner 2021; 2016-2019, 2022
Social Committee, 2022 -present
Associates Committee, 2022 - present

AGI | Covington, Kentucky
Team Lead, 2016
Staff Architect, 2014 - 2016
Collaborated on multiple brands' store construction and renovations as part of AGI's Retail Team. Focused on schematic, development, construction documents phases, and site verification. Spearheaded project development for corporate retail client. Conducted independent nationwide travel and project development.

BHDP | Cincinnati, Ohio
Cooperative Education Intern | (2013)
Supported rollout of corporate global store renovations as a team member of BHDP's Retail Team. Developed foreign and domestic preliminary design and construction documents.

NBBJ | Cambridge, Massachusetts
Cooperative Education Intern | (2010)
Comprehensively supported preliminary design, design development, and construction documents of multiple projects within the Boston metropolitan area. Produced renderings, digital modeling, and site documentation for graphic communication and design iterations.

CITY ARCHITECTURE | Cleveland, Ohio
Cooperative Education Intern | (2009, 2010, 2012)
Drafted preliminary design, design development, and construction documents for multiple architecture and urban design projects within the Cleveland area. Developed illustrative graphics for clients including renderings, digital modeling, and site documentation.

Experience

KGD Architecture | Washington, DC
Architect | July 2023 to Present

- Leads coordination efforts with internal and external teams
- Communicates to manage and meet client expectations
- Works closely with engineering consultants to coordinate technical drawing sets
- Manages code requirements and compliance for myriad housing regulations

Hickok Cole | Washington, DC
Architect | April 2022 to February 2023

- Developed construction documents for the conversion of an existing DC office building to 264 residential apartment units
- Led complex coordination effort with engineers and consultants
- Researched mass timber structural systems and developed strategies for integrating mechanical systems

CORE architecture + design | Washington, DC
Architect | July 2016 to March 2022

- Coordinated design and documentation efforts with engineering consultants
- Oversaw construction efforts and acted as liaison to general contractors
- Researched and prepared summaries of code and zoning analysis
- Presented design to clients and stakeholders
- Coordinated with city officials to communicate design intent and code compliance
- Composed and edited copy for marketing endeavors and project proposals

Architect III, Associate | 2023-Present
Designer II | 2022-2023
Designer I | 2020-2022
Design Intern | Summer 2018 - Fall 2019

- Currently leading the conceptual planning and design of a 190,000 SF lab and shop building as part of a larger team designing a federal training campus.
- Project types have included included: government office buildings, military training centers, historic military housing, transportation, a local embassy; various feasibility studies; and concept planning for justice sector, transportation, and commercial development.
- Manages coordination among design disciplines for design projects and feasibility studies.
- Lead Organizer - AECOM's Spring 2022 Virtual Portfolio Workshop. 2-part series engaging over 90 college students.
- Leadership Team - AECOM Graduate Development Program Fall Cohort
- Co-Chair - AECOM Graduate Development Program Social Committee
- Panelist - AECOM Intern Development Program's Former Intern Panel Discussion
- Coordinated on-site staging and execution for Buildings + Places Global Town Hall
- Inaugural Scholar - Accelerate Global Leadership Program

Smith School of Business | College Park, MD
Design Assistant | May-August 2019

- Developed renderings for renovation of UMD Smith School of Business' Van Munching Hall
- Performed design study of collaborative learning environments to generate renovation feasibility report

The Thrasher Group | Bridgeport, WV
Architecture Intern | May-August 2017

- Performed existing building surveys and created as-built drawings
- Designed a rain garden and bioswale for new office project
- Built revit models and performed design studies of interior fit-outs

Kathryn Slattery, AIA, NCARB, LEED AP
Quinn Evans

Kathryn Slattery, AIA is a principal at Quinn Evans. Katie's broad-based skills range from design and project management to the integration of advanced technology to inform project delivery. With over 20 years of experience, she has been instrumental in the success of many challenging projects with a focus on cultural projects and a specialty in living collections. Katie enjoys interacting with colleagues and clients throughout the design process. Clients appreciate her focus on the overall vision as well as the smallest of details that yield a successful project. She has a B.S. in Architecture from Catholic University of America and M.Arch from the University of Michigan.

Education + Registrations

Jan 2018 - Present AIA, Washington D.C. Chapter
 Feb 2017 - Present Registered Architect in Texas
 Aug 2006 - May 2011 University of Texas at Austin, Bachelor of Architecture
 Fall 2009 Santa Chiara Study Center, Italtart Study Abroad

Experience

- Jun 2019 - Present Page / EYP (Acquired by Page), Washington, D.C.**
Senior Design Architect
- May 2020 - Present **Smithsonian Institute Building (Smithsonian Castle) Modernization, Manassas, D.C.**
Visitor Center, Conferencing, + Workplace | Smithsonian Institution
 Spearheaded the comprehensive modernization of the historic Smithsonian Castle, blending design concepts with a meticulous historic analysis jointly with preservation experts. Led a multidisciplinary team of architects, designers, and engineers, fostering collaboration and ensuring the seamless integration and layering of modern elements while showcasing and preserving the historical integrity of the structure and features from the period of historic significance. Imagined design solutions to enhance the visitor experience and meet current needs. Implemented a strategic design approach emphasizing the revelation of historic fabric. Layered new design interventions and materials to create a cohesive narrative, seamlessly blending the Castle's rich history with modernization.
- Jan 2016 - Jun 2016 **Life Science and Engineering Building (LSEB) at GMU SciTech Campus, Manassas, VA.**
Academic Building + Workplace | GMU SciTech
 Headed the design and execution of LSEB, a flagship project at GMU SciTech Campus. Translated university objectives into tangible design elements, prioritizing sustainability and integrating cutting-edge technologies to reflect a forward-thinking vision. Encouraged an inclusive design process through charrettes that celebrated diverse perspectives. Aligned the design vision and crafting approach with the broader goals and aspirations of GMU SciTech Campus, creating a symbol of excellence in modern architectural design.
- Oct 2014 - Jun 2019 **Shalom Baranes Associates, Washington, D.C.**
Registered Architect
- Jan 2016 - Jun 2016 **655 New York NW Avenue, Washington, D.C.**
Class A Office Building + Retail | Douglas Development and Brookfield Properties
 Planned design and experience of all exterior terraces, courtyard, fitness center, and lobby spaces within a new Class A office building which integrated 19 existing historic buildings at the base. Enhanced amenity spaces to support collaboration, improve morale and increase productivity. Standardized building details and systems into construction documents. Coordinated building systems with engineers and consultants and analyzed drawings for issues. Reviewed shop drawings for compliance with contract documents, specifications and design intent.
- Jan 2016 - Jun 2016 **1200 3rd St NE (Armature Works), Washington, D.C.**
Masterplan, Residential, Hotel, + Retail | Trammell Crow Company.
 Generated hotel massing and fenestration inspired by adjacent Amtrak rail and industrial context. Produced documents for PUD submission, detailed 3D-printed model, and physical material boards.
- Jun 2015 - Jan 2016 **US Citizenship and Immigration Services Headquarters (USCIS), Camp Springs, MD**
Government Agency | Peter N.G. Schwartz Management Company.
 Executed winning competition of a new 575,000 sf government agency headquarters utilizing a tilt-up wall construction scheme to meet structural blast requirements and maximize budget. Molded standard panels into E-shaped modules to form a large, scaled Flemish-bond facade. Tracked program requirements using BOMA standards and reviewed interior-test fits.
- Jun 2015 - Jan 2016 **Metropolitan 6, Pentagon City, VA**
Multi-Family Housing with 590 units | Vornado Realty Trust
 Systematized winning competition design for 4.1 Submission with Arlington County. Composed amenity spaces and conceptualized adjacent massing strategies of Parcel 8 & 9.

Gustavo Alexi Colmenares, AIA

gus.colmenares@gmail.com | 321.537.6311 | 1001 L St NW #604, Washington D.C. 20001

- Oct 2011- Oct 2014** **Pickard Chilton, New Haven, CT**
Architectural Designer
- Aug 2013 - Oct 2014** 410 Front Street (The Well), Toronto, ON
Class A Office Building + Retail | Diamond, Riocan, and Allied
Delivered winning competition proposal for anchor office tower at “The Well” development.
Reverse engineered shadow studies to shape massing to not cast a shadow on adjacent park.
Integrated occupiable terraces to provide access to daylight and fresh air within tower massing.
Revamped lobby into secondary work environments using warm materials, comfortable furniture and space-planning to stimulate casual interaction, engagement and thinking.
- Nov 2012 - Jun 2013** Confidential World Headquarters, Houston, TX
Class A Office Building | Hines
Controlled podium massing, programming, and garage parking configuration.
Molded custom precast panels for podium and garage levels into design studies and documents.
Planned lobby with enhanced vibe for collaboration and integrated architectural screens for privacy.
Crafted elevator cabs and lobbies with materials to compliment the main lobby and building palettes.
- Oct 2011 - Nov 2012** Rosslyn Plaza Masterplan and Office Building, Rosslyn, VA
Masterplan, Class A Office Building + Retail | Vornado Realty Trust + Gould Property Company
Studied tower and podium massing, overall masterplan strategy and circulation.
Visualized massing strategies and exterior curtain wall studies using 3Ds-Max with V-Ray.
Programmed exterior amenities and formulated lobby massing and entry.
- May 2010- Dec 2010** **Architecture Research Office (ARO), New York, NY**
Architectural Intern
- Sept 2010 - Oct 2010** ICERM at Brown University, Providence, RI
Interior Fit-Out | Brown University
Maximized budget using focal design features and upgraded furnishings and materials within spaces intended for collaboration and experimentation.
Presented research and design development and documented into construction document set.
- Aug 2010 - Sept 2010** Hunter’s Point South, Long Island City, NY
Multi-Family Housing Competition | Related
Studied impact of sea level rise and imagined amphibious programming opportunities for podium.
Generated mixed-use schemes with reflective angled panels to maximize sunlight in the courtyard.
- May 2008 - Nov 2009** **Mission Residential, Austin, TX**
Architectural Intern
Inspected existing properties and scope of work for new acquisitions.
Established green initiatives and summarized into standards for regional managers.

Skills

Software | Revit, Microstation, Autocad, Rhino, Sketchup, Adobe Creative Suite, V-Ray, 3ds Max.
Fabrication | Digital and hand rendering, model making, 3D Printing, laser cutting, material boards.
Design Approach | Conceptual studies, problem-solving across all phases of design, programming, site plan analysis, BOMA calculations, redlining, collaboration, coordination and presentations.
Languages | English and Spanish.

Temitayo Fasusi
6324 9th St NW, Washington DC 20011
(240) 481-1616, temi.fasusi@gmail.com

SUMMARY: Licensed Architect with 9+ years of architectural design experience in Multi-family/Office buildings and 2 years of Restaurant/Hospitality design management experience.
Excels in: Leading and working collaboratively with teams both internal and external and managing multiple teams on simultaneous projects.
Proficiency in: AutoCAD, Revit, Rhinoceros, Adobe Photoshop, Illustrator and InDesign, Word, Excel, Sketch-Up, Bluebeam, Expesite. Deltek and Microsoft Project

EDUCATION: **TEMPLE UNIVERSITY**, Philadelphia, PA *2006-2011*

- Bachelor of Architecture, *May 2011*

EXPERIENCE: **Wiencek and Associates** (Project Architect & Project Manager), Washington, DC: *February 2020- Current*

- Acted as the focal point of production of Contract Documents and Construction Administration for a single large and/or complex project or multiple small/limited scope projects. (Project Architect)
 - Led delegation of tasks to internal design team in the successful completion of contract docs.
- Led project scheduling, staffing, client communication and consultant coordination for multiple projects. (Project Manager)
 - Maintained client satisfaction on numerous projects.
 - Maintained and updated project plans and forecasted billings on projects.
- Successfully managed and provided CA services throughout construction from ground break to close-out.
- Managed project proposals and project fees (Project Manager)
- Led QA/QC of document sets for my teams. (Project Manager)
- Led design of project from early conceptual phase through CD's. (Project Manager)
- Trained staff on procedures, codes and jurisdictional requirements (Project Manager)
- Assisted in developing and updating specifications for my projects. (Project Manager)
- Acted as a mentor for younger staff. (Project Architect & Manager)
- Participated in the performance review process for my team members. (Project Manager)

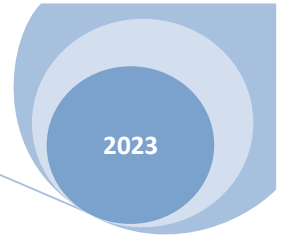

CAVA (Design Manager), Washington, DC: *May 2018- December 2019*

- Managed a team of architects, engineers, food service, lighting, permit expediter and signage consultants along with others per project to ensure timely completion and excellence of each project.
- Ensured that our design consultants' work is to the best of their ability by implementing a more stringent drawing review process at CAVA, which resulted in fewer RFI's during construction.
- Utilized my own architectural skills to guide and ensure a top-notch design for each restaurant that I worked on.
 - Used my architectural knowledge and skill to provide thorough drawing reviews, photoshop mock-ups for design intent or schematic packages to the consultants or LL's.
- Designed the layout in AutoCAD for all restaurant designs under my purview and worked cross-functionally to ensure that designs provided the best experience from a design, marketing and operational standpoint.
- Reviewed the CAVA design portfolio and streamlined the design aesthetic from a busier more graphic aesthetic to a sleeker more high-end aesthetic.
- Managed the design of our first conversion and ensured that an elegant design was delivered with half the budget of our typical buildouts and ahead of schedule.
 - Provided the Interior schematic design of this restaurant and full CA services to minimize soft costs and hit timeline goals while ensuring design excellence.

WDG Architecture (Staff Architect), Washington, DC: *July 2012- May 2018*

- Excelled in unit design and documentation.
- Collaborated with design team in preparation of drawings sets in each phase of the project.

Temitayo Fasusi
6324 9th St NW, Washington DC 20011
(240) 481-1616, temi.fasusi@gmail.com

- Provided construction administration services including: RFI and Submittal response, OAC meetings, contractor coordination and Punch-list services.
- Contributed to master planning initiatives.
- Honed leadership skills in in-office committees.
 - Founding member of the Staff Architect liaisons group and actively sought to ensure that our architects were getting the training and experience needed for development.

Temple University College of Liberal Arts (Architecture Intern), Philadelphia, PA: *July 2010- January 2012*

- Created design mock-ups for potential CLA building revisions/additions.
- Honed collaboration skills by working on teams of two for each project.
- Presented these projects to members of the CLA board of trustees as well as the Dean of the College of Liberal Arts

AIAS Freedom by Design: (Co-Captain) *March 2010- May 2011*

- Lead the client interview process for the team.
- Worked with a team to improve a physically disabled client's mobility.
- Lead the team throughout the design and construction of the project.
- Lead the team throughout the fundraising of the project.

Colchester Farms Deck Project: (Team Member) *Summer 2010*

- Collaborated with a team to design the deck trellis system.
- Participated in the construction of the trellis system along with the rest of the team.

14725 Jaystone Drive Bathroom Renovation: (Solo Project) *August 2009*

- Worked closely with the client to find a spatial arrangement which better suited her.
- Sold the client on changes that could benefit the bathroom's efficiency.
- Assisted the client in choosing the bathroom's furnishings.

MEMBERSHIPS:

NCARB Certification/Licensure: *July 8th, 2017*

Freedom By Design Student Organization (FBD) team co- captain: *May 2010- May 2011*

ACTIVITIES:

Alpha Rho Chi Award for Outstanding Leadership Recipient: *May 2011*

Temple University Diamond Award Recipient: *May 2011*

Architecture Department Student Speaker: *September 2010*

- Chosen by the Architecture Chair, Kate Wingert-Playdon to speak at the groundbreaking ceremony for the new Temple University Architecture Building.

FIJOY E. FISYI**PHONE**

202-651-0289

EMAILfijoyfisiy@gmail.com

Talented and results oriented designer with a deep appreciation for the details. Have had the opportunity to develop a strong skill set from working on a master plan concept for a 75 acre campus, organizing a symposium on affordable housing in Rwanda, developing a 850 unit residential project, and working with managers to train and mentor junior staff.

CURRENT COMMUNITY ENGAGEMENT:

Design Like A Girl - Washington, DC February 2020 - Present
Volunteer

- An AIA|DC Girls mentorship program geared at introducing middle school aged girls to the design profession

River East Design Center - Anacostia, DC February 2019 - Present
Volunteer

- A neighborhood community design center which focuses its work with communities in Anacostia, DC

FFLC - Cameroon, Central Africa Jan 2015 - Present
Volunteer

- A non-profit which focuses it's capacity building work in the North West region of Cameroon.

EDUCATION:

Boston Architectural
College

MArch – 2013

Licensure:

June 2022 – NY State
AIA#: 30513140

PROFESSIONAL EXPERIENCE:

CGS Architects - Washington, DC September 2018 - Present
Architect

- Serving on the BIM Council to mentor and train junior staff and working to develop and implement firm wide CAD and graphic standards
- Working with team and managing various portions of project scope in the design and construction of two DCPS modernization projects
- Worked with principals in the design and development of master plan concepts, most notably the development of a master plan for a 75 acre private school campus
- Worked with team in the design and development of projects on a private boarding school campus, and working with Owner and Contractor in managing project scope during the CA process

Hill | West Architects - New York, NY January 2016 - August 2018
Project Designer

- Worked with team in the development of a mixed-use residential 1 million sq. ft. project
- Worked with consultants and co-managed staff to ensure coordination across all disciplines and that project deadlines were met

Vincent Martineau Architect - Brooklyn, NY June 2014 - January 2016
Project Designer

- Led in the develop of a multifamily residential projects from SD to CD
- Assisted in the develop of educational projects through 3D modeling and developing CD sets
- Worked with Principal to develop RFPs for residential and education project types
- Produced renderings for use in client meetings and for marketing collateral

FIJOY E. FISIY

PHONE
202-651-0289

EMAIL
fijoyfisiy@gmail.com

Sharon Davis Design - New York, NY

Aug 2013 - June 2014

Designer

- Organized a roundtable symposium on affordable housing in Kigali, Rwanda
- Worked with PM to produced schematic level master plan for a memorial site in Rwanda
- Worked with PM to carry a share housing project from DD to CD sets
- Produced renderings for use in marketing and fundraising collateral

Ekeinyoh Projects (sole proprietorship)

Various Clients - NW, Cameroon

Oct 2009 - Present

Program Development, Branding & Architectural services

- Developed a Tech Literacy Program for children in rural communities, to be launched in the summer 2017
- Designed a Library and event space for the FFLC non-profit that is currently being implemented and will benefit two villages and their neighbors with a population of about 10,000 individuals
- Designed a housing estate for a large land-poor family which maximized the use of a small piece of land and enabled them to now live with minimal conflict
- Designed an expansion of a small shop to a two story bed and breakfast with a shop and lounge
- Developed brand identity package - Logo, business cards, Letterhead stationery - for the FFLC non-profit

EDUCATION:

Boston Architectural College
Master of Architecture

Sept 2007 - May 2013

Carleton University - (Ottawa, Canada)
B.A Honors in Political Science

Sept 2002 - Aug 2006

NIA C. FURR

ARCHITECTURAL
DESIGNER

Over the last seven years, I have had the chance to work and lead others on a range of projects including small scale residential condominiums to 21-story multifamily buildings with a county component that serve the D.C. metropolitan area. I strive to create the best designs that fit my client’s needs. I have always considered myself to be an analytical person and leader that enjoys turning innovative concepts into design strategies. I am dedicated to high quality work that utilizes contemporary ideas conducted by a creative and enthusiastic team while catering to and bringing up the younger generation.

INTRODUCTION

As an emerging healthcare architect, I believe design is a key part of our social infrastructure in driving greater equity and connection. I'm passionate about how creative and compassionate leadership can pave the way to better serve our clients, communities, and industry.

PROFESSIONAL EXPERIENCE

Wilmot Sanz, Rockville, MD 2015-Present

Director of Exterior Quality Control

- *Implemented quality control measures and workflows*
- *Led enclosure knowledge series and student outreach*

Project Architect

- *Managed large scale hospital and ambulatory addition/renovation projects, from interior fit-outs to campus planning*

Architectural Designer

- *Developed complex phased addition/renovation drawing sets*

Donna J. Brown Architecture, Seattle, WA 2014-2015

Architect Assistant

- *Prepared financial statements and residential permit drawings*

CECI Engineering, Taipei, Taiwan 2013-2013

Architect-Engineer Intern

- *Awarded 2nd Place for Engineering Presentation at Taiwan Tech Trek Conference, focusing on mass transit design*

EDUCATION

Bachelor of Architectural Studies, University of Washington 2014

- *Departmental Honors, Dean's List*

VOLUNTEER EXPERIENCE

Building Enclosure Council, AIA DC Chapter 2023-Present

Architect's Representative & Secretary

- *Coordinated industry round table sessions and "Back to Basics" series*

Neighborhood Design Center 2017-Present

Volunteer Architect

- *Collaborated with local communities to develop public green spaces and restore historical buildings*

PERSONAL

Born and raised in Seattle. Enjoys plein air painting, woodworking, and giving back to the community.

SELECTED WORK

Adventist Shady Grove

Medical Center, Rockville, MD

- *176,000 SF patient tower and emergency department addition/renovation*
- *Under Construction*

Lifebridge Sinai Cancer Center, Baltimore, MD

- *125,000 SF ambulatory oncology addition/renovation*
- *Under Construction*

Beebe Surgical Hospital, Rehoboth, DE

- *135,000 SF standalone strategic expansion to bring specialty orthopedic care to the Eastern Shore*
- *Completed 2022*

Inova Schar Cancer Institute, Fairfax, VA

- *466,000 SF adaptive reuse of a former corporate headquarters to create a destination cancer center*
- *Awarded ENR Mid-Atlantic best healthcare project*
- *Healthcare Design Architectural Showcase finalist*
- *Completed 2019*

WORK EXPERIENCE

Teass Warren Architects, Washington, DC

— *Design lead*

2020-08-01 - current

Work with the design principle and project team through all architectural design and documentary phases. Review and coordinate architectural drawings with consultant documents include mechanical, electrical, plumbing, civil and structural drawings. Design and draft high quality architectural details in both residential and commercial levels. Research the current architectural interior and exterior material and products.

Teass Warren Architects,

— *Architectural Designer*

2017-03-28 - 2020-08-01

Plan and design structures including single-family and multifamily residences, retail spaces; office buildings, in accordance with current zoning and building, environmental, safety, or other regulations; Prepare scale drawings and architectural designs, using AutoCAD, Revit, and Sketchup; Prepare contract documents for use in obtaining a building permit and engaging building contractors; Prepare information regarding design, structure specifications, materials, color, equipment, estimated costs, and construction time; Discuss designs or plans with clients, consultants, and contractors.

Tongyuan Design Group LTD.

— *Internship*

2015-05-15 - 2015-08-01

Parametric design team assistant. Participating schematic design for several design competitions. Preparing preliminary design documents for client meeting presentation.

WORK EXPERIENCE

WDG Architecture, Washington, DC

Associate 10/2022 – current

Project Architect June 2018 – current

Responsible for leading and coordinating project team of professional architects, engineers, owners, contractors, and jurisdictional staff. Review project needs, schedule, scope, work plan, budget and value engineering options with client and contractor. Work to keep projects on schedule and within budget during Owner/Architect/Contractor meetings. Mentor staff architects with daily tasks and detailing during the creation of the contract documents. Have successfully brought multifamily, mixed use, office building, additions, and multiphase projects to completion. Lead large, weekly project meetings in which the project is coordinated with ownership and design team. Ensure consultants meet contract requirements. Analyze and interpret building and zoning code and effectively apply them to meet client and project needs. Work with jurisdictional staff to ensure all county requirements are met. Advanced knowledge of applying sustainability and LEED guidelines to projects. Consistently receive exemplary yearly reviews.

WDG Architecture, Washington, DC

Staff Architect / June 2012 – June 2018

Worked on multifamily housing, workplace, mixed use, and hospitality projects that consisted of wood frame and concrete construction. Coordinated closely with consultants and internal team members to create design presentations, plans, sections, elevations, and details in order to form a fully coordinated construction set.

NIKA Architects + Engineers, Rockville, MD

Intern Architecture / August 2010 – June 2012

Collaborated closely with engineers, governmental employees, and construction managers primarily on fast paced governmental and military renovation projects. Managed the architectural design as well as the day-to-day architectural duties and coordination for these projects. Executed daily tasks given by project managers pertaining to construction documentation, site survey, LEED coordination and submission assembly. Performed building surveys of Department of Defense and Department of State facilities globally. Used information obtained to create BIM model and associated construction documents. Primary designer of signage packages required for projects. Acted as project manager of the company's fire protection and life safety reviews and was the liaison between the Departments of Veterans Affairs and fire protection engineers to ensure complete and timely fire and life safety reviews. Obtained governmental clearance.

Virginia Polytechnic Institute and State University, Blacksburg, VA

Graduate Teaching Assistant / August 2009 – August 2010

Assisted with Building Assemblies courses, research in faculty interests and faculty studio tasks.

Ross Tarrant Architects, Lexington, KY

Student Intern, Architecture / February 2008 – August 2008

Performed daily tasks assigned by senior architects pertaining to construction documentation for a range of higher education projects.

VOLUNTEER

• **Site Visit Program**, School Without Walls Washington, DC 11/2019

Led a presentation and engaging discussion with high school students on the architecture profession how BIM was integral in the design and construction of a recently built local project.

• **Gingertown**, Washington, DC 2014, 2015, 2016, 2017, 2018, 2019

Worked on small team to design and construct a project within a gingerbread city to raise funds for DC charities.

• **JDRF Real Estate Games**, 06/2016

Participated in various sporting competitions to raise money and awareness for the Juvenile Diabetes Research Foundation.

• **Canstruction**, Washington, DC 2014, 2015, 2016

Design build competition to construct a sculpture out of canned goods to later be donated. Participated in the research, design, planning, and helped led fundraising efforts for the team. Event raised awareness and funds for local area food banks.

• COMMITTEES

WDG Technology Committee, Chair 2019-2021, Vice-chair 2022-current, Member 2017-current
Chair and subsequent co-chair of technology committee that supports office technological needs with an emphasis on education, practice standards and quality assurance. Helped lead effort to maintain BIM template, details, and standards to streamline production. Implemented a BIM training program that educated and trained staff to increase productivity in preparing presentations, designs, documentation, and construction. Led first team testing BIM Collaborative Pro while working closely with the BIM Manager to create best practices and workflows for implementation of the platform. Meet regularly with the BIM Manager, to provide support and guidance.

• **WDG Emerging Professionals Committee**, Co-chair 2018, Member 2013-2018

Led an inhouse professional committee that planned events to broaden the understanding of the nature of architecture, construction, and real estate development to staff and help to foster their growth. Program tapped into the knowledge base of the firm, consultants, and clients while supplying an environment for employees to ask questions, challenge assumptions and discuss issues. Committee was modeled after the Christopher Kelley Leadership program. Events occurred every two months and member responsibilities rotated for each event so that each participant would gain experience in each of the responsibility areas which ranged from planning, speaking at the event, graphics, logistics and correspondence.

• **WDG Architecture + Design Committee**, Member 2018-current

Committee holds internal discussions for Designers, Project Architects, and Construction Administrators on design, construction, lessons learned and technical topics. Led firm wide presentation on detailing construction documents.

• **WDG Sustainability committee**, 2014-2019

Worked as a committee member to increase sustainable knowledge and resources of the firm. Helped perform sustainable reviews on firm's active projects.

DESHONA NELSON

deshona.a.nelson@gmail.com
(718)-801-7017

EXPERIENCE

EWINGCOLE

Architectural Designer II – Science & Technology Studio
Baltimore, MD \ December 2023

I work on Science and Technology projects surrounding existing building conditions being renovated for Tenant fit-outs. Collaborate on Laboratory design and planning, where I provide schemes, interior design, renderings, construction documents, and 3D modeling for client meetings. My duties include organizing the Revit models project files and developing schedules within the program. Participate in client/coordination meetings. Occasionally, I coordinate meetings with a Senior Project Architect and Project Manager and assist with Construction Administration tasks on an as-needed basis. Research interior design options for my projects and assist the interior designer.

PAGE ARCHITECTS

Designer – Health & Laboratory Studio
Washington, DC \ December 2018–April 2020

Focused on healthcare design for a Veteran's Affairs (VA) project Outpatient Clinic building with Dental, Imaging, Ophthalmology, Women's Health, and in-house sterile processing from SD-CD's. Collaborated with a diverse team to complete IFC construction documents. Submitted Construction Administration Addendums for the VA project on behalf of the Project Architect, which involved a number of RFIs and Submittals. Helped develop proposals and pursuits for two new VA Projects. Did the First Floor space planning for one proposal. Worked on Code and Two Life-safety drawing sets.

Worked on a World Bank project in Ouagadougou in Burkina Faso, Africa. Coordinated with consultants and in-house engineers on multiple projects. Created and picked up markups from consultants \engineers to review. Researched, reviewed, packaged, and detailed a few items for the VA projects and the World Bank project.

Delivered early design package as part of the Team for New Embassy Compound for the U.S. Windhoek Namibia. Completed Revit training on the company standards and to teach others if needed. Modeled new families and developed project schedules in Revit. Member of Revit standards team charged with picking up redlines in the new template and generation of families: millwork, section details, etc.

SK+I ARCHITECTURE

Staff Architect – Mix-Used Residential Projects
Bethesda, MD \ August 2017–June 2018

Developed and produced construction documents as a team. Helped develop Unit Designs for the projects. Completed the projects from DD to IFC construction documents. Helped finalize Unit Finished Schedules and package finish specs for DD & CD review submission. Relearn the software Revit, modeled a few families, and learned BlueBeam. Coordinated with consultants on both projects and made markups for them to review through BlueBeam. Worked on some Construction Administration submissions with some guidance.

MORE EXPERIENCE

COX GRAAE+SPACK ARCHITECTS

Junior Architect – K-12 School Projects
Washington, DC \ Nov 2016–July 2017

Helped with design proposals, base drawings, space planning for Permit & Pricing for Schools. Developed a few master plans. Used ArchiCAD.

PERKINS EASTMAN

Intern Architect
Washington, DC \ Nov 2013–Apr 2015

Worked on corporate interiors, Pre-design to SD for Childcare Facilities at Aramco Oil Company in Saudi Arabia for newborns up to 3 yrs old, mixed-use building The Wharf in DC & built physical models. Used Revit.

EXPERIENCE

- **PERKINS EASTMAN, WASHINGTON, DC,** Jul 2018 - Present Project work experience ranges from Schematic Design to Construction Documents. Areas of experience include Interiors/work place design, Residential multifamily, large scale, education and senior living.

Featured Projects

W Hotel renovation, DC, 2018: Junior PA role. Developed documentation set from DD phase to construction administration for the renovation of lobby, bar, restaurant, rooms, and rooftop bar.

Art Place at Fort Totten, DC 2018-2020: Junior PA role. Developed documentation from PUD set to SD, DD and CDs. The project was very complex with 3 buildings for residents, a mixed use commercial building with a grocery store, a children's museum and a food court. I worked on structural coordination, unit development and exterior detailing as primary roles.

Shell Point Senior Living IL tower 2020-current: Junior Designer role and junior PA role. Worked on Schematic design through construction documentation. Starting CA in January 2024. Lead consultant coordination efforts regarding envelope design and unit design considering hurricane prone constraints of the site.

Reserve @ West Falls Church 2023-current: Junior Designer and Junior PA role. Project is in Schematic Design. Project is pursuing LEED Gold certification. Im in charge of unit design, exterior envelop development, and BIM manager for the project.

- **PERKINS EASTMAN, GUAYAQUIL, EC** Dec 2012 - Jun 2018 Development of presentation drawings for schematic design including renderings, as well as the production of drawings for design development and construction document phases. Range of projects include hospitality, residential, health care, and master planning. Coordination of architectural proposals with Structural, MEP and lighting consultants, as well as coordination of offshore team.

CONFERENCES

- **MEXTROPOLI, MEXICO** Mar 2016 Global conference on urban growth in metropolitan cities, and new design developments within the industry.
- **AIA CONFERENCE, QUITO, EC** Oct 2016 United Nations Conference on Housing and Sustainable Urban Development; Disaster Resiliency, Refugees, and Urban Data.

CERTIFICATION

- **NCARB LICENSURE** Record Number: 829076 Actively taking ARE exams. Plan to be licensed in the next 6 months.
- **CDT CERTIFICATION** CDT certification from CSI, Sep 2020

SKILLS

- Masterplanning, landscape design and urban design
- Storytelling, design narrative and design presentations
- Project development from programming through construction documents
- Multi-discipline coordination on large complex projects
- Software: Revit, CAD, Rhino, Sketchup, InDesign, Photoshop, Illustrator, MS Office

PROFESSIONAL EXPERIENCE

Job Captain | Designer

HKS, Inc.

Washington, DC | Commercial Mixed Use | 2022 - Present

- Led design and documentation of two map amendment entitlement projects in Washington DC, coordinating with civil, landscape, MEP and structural teams; proficient in zoning code, building code, DDOT regulations, DOEE regulations, and entitlement process.
- Contributed to facade and rooftop amenity design for a 500-unit mid-rise multi-family project during schematic design, demonstrating familiarity with zoning code, life safety code, aquatic health code, exterior assembly and detailing.
- Actively participated in pursuits and responses to RFPs, focusing on project overviews and design approaches; presented at interviews and design meetings, engaging with clients to ensure project alignment.

Landscape Designer

TBG Partners

Dallas, TX | Landscape | Planning | 2020 - 2022

- Contributed to schematic design through construction documents for streetscape and amenities in multi-family projects in Dallas.
- Designed, documented, and provided cost estimates for parks, amenity centers, and monuments in master-planned community projects in north Texas.
- Collaborated on the masterplan booklet for Columbia County Regional Park and Commons at Agora Signature Park in Corinth.

Project Designer

OMNIPLAN

Dallas, TX | Multi-Family | Mixed-Use | 2019 - 2020

- Generated ideas and design options for several masterplan and community planning pursuits and responses to RFPs, showcasing a versatile and innovative approach to address project requirements and client specifications.
- Supported marketing efforts by creating visualizations and handling post-production tasks for the company website.

Architectural Designer

Corgan Associates

Dallas, TX | K-12 and Higher Ed | 2017 - 2019

- Engaged in all aspects of schematic design and design development, collaborating with civil, MEP, structural, and landscape consultants to produce comprehensive construction documents for Argyle West.
- Produced a comprehensive 600-page assessment report and appendix for the TCC Synergy Lab Study, conducting detailed analysis of the existing lab layout and proposing Synergy Lab floor plans.

Architectural Intern

Skidmore, Owings & Merrill (SOM)

Chicago, IL | High-Rise | 2016

- Reviewed and edited pre-design documents for the Torrey Pines UCSD Project.
- Collaborated on facade iterations using digital and physical models at various scales for The Lincoln Common, demonstrating a meticulous approach to design refinement.

Program Schedule

2024

01/12

Boot Camp

Introduction: Overview of the course and fellow scholars. Outlining the Importance of leadership within the profession.

02/16

Leading Together

The basics of leadership: Understanding one's personal leadership skills and how they relate to others

03/15

Firm Resilience & Understanding Trends

Industry game changers and their day-to-day impact

04/12

Tackling Climate Change

Sustainability + resilience in design

05/10

Professional Practice & the One Day MBA

Understanding a variety of business practices: architects contributing, managing, or launching a successful firm

06/14

Equity, Diversity & Inclusion

Moving justice and equity decisively from aspiration to action

07/12

Community Engagement

Understanding the needs of the community and the social responsibility of architects as public servants

08/16

Emerging Issues & the Future of the Practice

Looking forward to identify critical issues in architectural practice and how our responses will impact the way we work

09/13

The Art of Negotiation

Ethics + Law: from contracts and codes to professional ethics

Scholar Responsibilities

Session Planning:

Session planning is managed + prepared by the two scholar teams assigned to each of the sessions.

Session Organization:

1. Must include at least one activity
2. Include one segment that focuses on a profession other than architecture

Session Planning Template:

The planning workbook is located in the CKLDP Google Sheets. The workbook is designed to help scholars organize + complete the following:

1. Task list
2. Sponsorships
3. Budget
4. Invoices
5. Expenses
6. Attendance sheets

Responsibilities:

1. Two Adcom coordination meetings leading to session
2. Scheduling speakers
3. Gifts for speakers
4. Draft Planning Guide
5. Applying for AIA CEUs
6. Printing materials
7. Providing lunch + beverages
8. Hosting happy hour

Session Documentation + Photography:

Session documentation is managed + prepared by a second two-scholar team.

Responsibilities

- Draft Session Summary
 - Due within 1 week
 - Posted to website
- Photography
 - Professional quality
 - Use DSLR camera (Smartphones are not acceptable)
- Social Media
 - Post day of class
 - Second post within week
- Class poll for three keywords for each session.

Sponsorship Guidelines:

1. All sessions (or each pair of scholars) are required to secure \$500 minimum in sponsorship funds. Please note that this \$500 will go towards any expenses or incidentals that are incurred by your session agenda.
2. Scholars are responsible for raising enough money to cover all incidentals for your session - ie any speaker fees, travel fees, venue fees, etc. that may be required.
3. The cost of lunch is covered by your program tuition and is therefore not required to be covered via sponsorship money.
4. Scholars must email the Sponsorship Chair a list of the companies and organizations that you intend to ask about sponsorship. This list needs to be approved by AIA prior to reaching out to anyone; Adcom team will let scholars know as promptly as possible if they are cleared.

Scholar Responsibilities (continued)

5. The Sponsorship Package and the sample letter template are on the Box site in the "10_Templates and Resources" folder for you to use if you wish when reaching out to individual sponsors.
6. The "10_templates and Resources" directory also includes the Sponsorship Commitment Form that should be filled out and returned by your sponsors. The file is a Word form that sponsors are required to complete.
7. Ideally, scholars should reach out to people that they know from individual professional references and experiences.

Expenses + Budget:

1. Please send the Sponsorship Chair an Expense Report (located in the Box folder) for all incidentals for your session -ie. any speaker fees, travel fees, venue fees, etc. that may be required.
2. Attach copies of all receipts or invoices for which you are submitting the report.
3. Submit a draft copy of the Budget Sheet (located in the Box folder) when your draft session outline is due. Submit a finalized copy the week after your session.

Quinn Evans

"We craft solutions that connect people to community, and history to future, for impact that endures."

Quinn Evans is a full-service architectural firm with offices in Washington, DC; Baltimore, Maryland; Ann Arbor and Detroit, Michigan; Madison, Wisconsin; and Richmond, Virginia.

The experienced professionals at Quinn Evans are committed to elegance in design and well-crafted solutions that sustain and renew our built environment. To meet our clients' needs, our comprehensive services include renovation and restoration of existing structures and sites, as well as the design of expansions and new structures. In addition to our full architectural services, we offer a diverse portfolio that combines context-sensitive and innovative designs with sustainable strategies.

Sensitive planning and design solutions involve both the preservation and reuse of important buildings, as well as the development of new structures that complement and respect their surrounding environment.

The firm's portfolio has been honored with over 200+ awards for quality design, outstanding restoration work, and innovative approaches to adapting existing facilities for new uses.

With over three decades of experience, QE's professionals combine expertise in renovation architecture with knowledge of the special issues involved in developing context-sensitive new construction. This enables us to renew important cultural landmarks while maximizing the structure's economic viability and fostering community pride in the built environment.

The American Institute of Architects (AIA) announced that Quinn Evans is the recipient of the Architecture Firm Award for 2024.

"We are honored to be recognized by AIA for our leadership and impact on the architectural profession. With a people-oriented and future-focused practice, we are dedicated to confronting the urgent challenges of climate change and social inequity. This accolade underscores our commitment to stewardship through the transformation of existing places. We are humbled to be counted among the leading firms of our time.

We thank all our team members for their dedication to strengthening the fabric of our communities and guiding the future of our profession"

Mercy Me

Located inside the Yours Truly DC Hotel, Washington D.C. Mercy Me, emerges as a dynamic establishment infused with South American inspiration, seamlessly harmonizing the elements of a restaurant, bar, and lounge to create an unique dining experience. Our culinary and beverage offerings draw inspiration from the diverse and storied tapestry of South American cuisine. We pay homage to its timeless traditions while embracing the ongoing evolution of cultural influences that have contributed to the rich culinary heritage of Latin America.

Session Sponsors

We want to thank all of the sponsors who have generously contributed to making today's session spectacular in myriad ways.

Program Sponsors

We want to thank all of our benefactor sponsors for their ongoing support of this program. Their generosity allows us to offer CKDLP each year and continue mentoring emerging leaders in the Washington, DC metropolitan area.
